Innovation for Development - OECD.org

Innovation is a "new idea, creative thoughts, new imaginations in form of device or method". However, innovation is often also viewed as the application of better solutions that meet new requirements, unarticulated needs, or existing market needs. Such innovation takes place through the provision of more-effective products, processes, services, ...

Innovation - Wikipedia

In business, a disruptive innovation is an innovation that creates a new market and value network and eventually disrupts an existing market and value network, displacing established market-leading firms, products, and alliances. The term was defined and first analyzed by the American scholar Clayton M. Christensen and his collaborators ...

The knowledge advantage - EY

1. Introduction. In the last decade, the importance of knowledge has been highlighted by both academics and practitioners (Wu & Lin, 2009). Nowadays, knowledge is the fundamental basis of competition (Zack, 1999, Grant, 1996) and, particularly tacit knowledge, can be a source of advantage because it is unique, imperfectly mobile, imperfectly ...
